STATEMENT

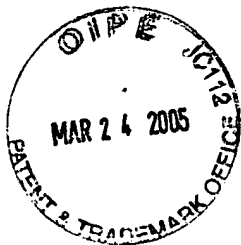

We, Pablo E. Corredor and Alejandro Stefanini, declare herein that we filed a utility patent application "Beverage Bottle and Can Opener" with the US Patent and Trademark Office on 10/28/2003. The **only** document we received since then, was our own pre-paid stamped post-card (copy is being enclosed) , which was previously attached to the original patent application package mailed out to USPTO. This was the only document that indicated the assigned application number (S/N: 10/694,231). It called our attention of the delay, however, we thought it may take up to a year for the Examiners to respond and issue an office action. Therefore, we declare herein that we have not received *said Notice* mailed on 03/18/2004 to us, until this unpleasant NOTICE OF ABANDONMENT. Also, we declare we have not moved from the address is currently recorded in your office, which is 1585 East 11th Avenue Hialeah, FL 33010. We respectfully request that this Petition for Revival of the subject abandoned patent application be granted.
